SUMMARY

I'm a senior at Brigham Young University-Idaho studying Web Design and Development planning on graduating in April 2018. I am currently working for Lynden Inc. as their resident web designer. I'm a hard worker, quick learner, and great teacher! Contact me for freelance and commission work or employment opportunities. I'm always looking for opportunities to further my experience and education in my field.

 Edmonds Community College
 Edmonds, Washington
- January 2013 to June 2015
 High School
 Henry M. Jackson High School
 Mill Creek, Washington

WORK EXPERIENCE

January 2017 - Current
 Web Designer, Lynden Inc., SeaTac, WA
 While at school, I am working remotely for Lynden Inc., restructuring their current website, creating new layouts and new webpages, and updating current content and webpages to include responsive design, HTML 5, and CSS 3.

August 2017 - December 2017
 Intern, Lynden Inc., SeaTac, WA
 As an intern for Lynden Inc., I used HTML, CSS, and JavaScript to update pages on the company website. I also helped to plan the upcoming website redesign, providing prototypes, and programming solutions and design interfaces for increased usability.

April 2016 - July 2017
 Tutor and Teaching Assistant, BYU-Idaho, Rexburg, ID
 As a teaching assistant, I taught the frontend web design and development class when the instructor was absent, graded assignments, supervised the open CIT lab, gave students in-person and online help, and communicated and worked with other teaching assistants. As a tutor, I helped students understand concepts and complete assignments, and prepared them for tests and projects.

August 2016 - December 2016
 Tutor and Teaching Assistant, BYU-Idaho, Rexburg, ID
 As an intern at AeroTEC, I worked in Purchasing recording receipts and travel expenses; in Recruiting reviewing resumes, scheduling interviews and travel for candidates, and moving records; and as a receptionist unloading deliveries, delivering mail, and answering phones. I also worked on videos, PowerPoint presentations, signage, the company website, and other designs for the company.
